

# Member Benefits!

## Advocacy

If the law, regulation, or policy affects your business, NUCA PA and NUCA national are there. Our lobbyists are active on Capitol Hill and the Pennsylvania state legislature every day in pursuit of a broad range of legislative goals to protect you.

## 811 Insight

### Experts on PA One Call Issues

The PA One Call law touches your life every day in the field. NUCA PA is an expert on this law. We advise contractors on their obligations and duties, but more importantly, we offer our expertise for PUC Damage Prevention violations.

## Networking

### Conferences, Committees, & Events

Bringing the utility and excavation construction industry together is one of the leading principles of NUCA PA. Whether it's opportunities to serve on the Board or various committees, to attend the many events both in-state and around the country, or to take advantage of the educational and safety trainings offered, membership will open the door to new, profitable relationships.

WAIT THERE IS MORE!

# Education & Safety

## Professional Development & Training

Knowledge is growth which is why we want you to have the best trained and most safety-conscious employees possible. Through a whole host of programs designed to make this a reality for your company, NUCA roundtables, webinars, newsletters, forums, and hands-on trainings, will provide every opportunity to better develop your executives and workforce and stay ahead of the curve.

# Discounts

## Exclusive Deals for NUCA Members

Running a business comes at a high cost. So whenever we find a way to lower your overhead and negotiate a special price exclusively for our members, we do it!

# Recognition

## Awards and Scholarships

Each year NUCA PA members are recognized for their Safety Culture and Outstanding Projects. The annual EMMANUELA. PARIS Scholarship provides educational opportunities for industry-related education to young and old.
